## Student Body Elects 16 Representatives To Student Council

Student Council representatives were chosen last week to guide student government.

Freshmen representatives are Leo Konikowski, Dan Wozniak, Lucia Mammias and Carole Dillman.

Sid Spector, Jim Logan, Carolyn Mallars and Pam Buzuvis are the sophomore members.

The representatives for the junior class are Bill Brown, Gary Wilk, Charlene Costo and Pam Wilk.

"Bigger and Better" is the theme of the 1964 annual subscription drive continuing until October 11th.

A down payment of \$2.50, payable to any journalism student, includes a plastic cover and a name in gold. The final payment of \$4.00 will be due in the spring. Cindy Piet and Carol Gersack are co-chairmen of the subscription drive.

Another service of the Publications Department, the sale of mums for Homecoming, was under the direction of Elaine Kouvelas and Nancy Pinkerton.

## Hornets To Meet Emerson At Gilroy

The Hornets will meet the Golden Tornado of Emerson tonight for our yearly Homecoming game. Although the Hornets defeated Emerson 13-0 in Football-O-Rama, the Tornadoes season's record is one win, one defeat and one tie.

Probable starters for Emerson are Gerry Wellman, quarterback; John Hennesy, Bob Pittman, halfbacks; and Fred Trathen, fullback. The line will probably consist of John Cothorn, Jim Ershick, ends; Larry Klim, Alan Pinkstaff, tackles; Ceasar Alvarez, Jerry Gondell, guards; and Tucker Jones, center.

Emerson Coach Harry Szulborski has said that the many injuries that Emerson has had in the first two games has really hurt his team, but their spirit is still quite high. Tackle Lou Barriero received a head injury in the Football-O-Rama game and is lost for the season. Emerson has also had many minor injuries resulting in the use of inexperienced sophomores to replace the injured varsity men.

Lew Wallace will probably be without the services of Don Dulla, tackle, who has been out of action for the past two games with an arm injury.

Wallace has not lost to the Tornadoes since 1959 when the Hornets were edged out 7-6.

GO WALLACE!  
BEAT EMERSON!

## CAUTION - Apathy At Work

What would you say if someone told you that the United States was undemocratic? You would probably become indignant and launch into a detailed explanation of our political system and ideals.

A democracy is defined as government by the people — all the people. Do our people govern? It is true that they are given the opportunity to govern by voting, but do they really?

## Fifteen Faculty Members Added To Teaching Staff

Fifteen teachers have been added to the teaching staff this year.

In order to acquaint the students with these new faculty members, the Philosopher staff prepared questionnaires and delivered them to the teachers.

Four of the new teachers are native "Hoosiers" while others were born in places such as Iowa, Nebraska, Mexico, and Germany.

It was discovered that most teachers, too, have nicknames. The most interesting, by far, was that of "Dirty Ern" Vereb.

Teachers not only have pets in the classroom but also at home. Some of the most unusual pets owned are Miss Sandra Uland's hound dog named Junior, pet turtles of Mrs. Carmen Valle's daughters, and Mrs. Betty Buhner's pet a Poo-cock (half poodle, half cocker.) Mr. Ernest Vereb's pets are his seven children.

Wiener Schnitzel is the favorite food of the new German teacher, Mrs. Marlis Tippet, while Miss Millicent Long, Mrs. Mary Shelgren, Mr. Ernest Vereb, Mrs. Betty Yorko and Mr. Howard Jones are all partial to steak.

Teachers' pet peeves appear to be faults they find with some of their students such as tardiness, petty excuses, gum chewing, those who don't ask questions when they don't understand something and those who don't do their homework.

Favorite sports, spectator and participation, were quite varied. Mrs. Maris Tippet and Mrs. Elizabeth McKibban favor swimming. Mr. Howard Jones and Mrs. Mary Shelgren both enjoy baseball while Mrs. Betty Buhner and Mr. Ernest Vereb prefer football. Mr. Kenneth Lowenberg's favorite sport is water skiing.

In reply to the question "What do or don't you like about Lew Wallace?" the majority of new teachers said that they liked the friendliness shown them by both students and faculty.

## Apathy At Work

For example, in the last week's Student Council election only 809 students or 40% of the student body voted. Only 13% of all the boys in the school and 27% of the girls cast ballots. The new representatives were elected by a minority vote.

This is only a small example of the recent trend of the American people towards apathy. Are we a democracy or do we have a government by whoever has time to vote?

## Homecoming

The big day is here  
Yes, it finally came,  
Tonight is our Homecoming Game.

Gilroy will be crowded  
With faces so bright  
All hoping "Our boys will shine  
tonight."

## Teacher Puzzled By B.F.J. Mystery

Confusion in a freshman homeroom is one of the hazards of teaching and is quite common during the first week of school. Mrs. Mable Joseph, homeroom sponsor for class 23, had a hard time distinguishing between two girls each with the name of Brenda Johnson.

The first step was to learn their middle names. To the homeroom's surprise, they were both Fay. Another strange coincidence is that one lives on 47th and Georgia, the other on 48th and Georgia. One Brenda was born on March 7th, the other Brenda on March 8th. The only major difference in their background is that one was born in Chattanooga, Tennessee, and the other in Flintville, Tennessee.

The only redeeming feature about the girls is that they do not look alike. One is a blonde, the other a brunette.

To Mrs. Joseph, her homeroom, and future high school teachers of the girls goes a special good luck in securing Brenda Fay Johnson's attention.

Traveling teachers are from left to right Mrs. Mable Joseph, Miss Shirley Bryan, Mr. Elmer Molchan, Mrs. Martha Clemens, Miss Frances Kraft and Miss Mary Sharp.

## Six Faculty Members Visit Foreign Cities; Tour Greece, Crete, Turkey and Continent

Berlin, Beirut and Stockholm were a few of the many foreign cities visited by six faculty members during the summer.

Mr. Elmer Molchan, 12th grade history teacher, took a four week group tour of Greece, Turkey, Lebanon, Jerusalem, Jordan, and the islands of Crete and Rhodes.

"It was a most interesting trip," stated Mr. Molchan, "but I think I enjoyed Jerusalem and the Holy Lands the most."

While in Jerusalem, he visited Bethlehem and Jericho. He also toured the Church of the Holy Sepulcher which is built on Calvary.

Miss Mary Sharp, physical education teacher and guidance counselor, felt that the most exciting part of her trip to England, Scotland, and Ireland was that she got there!

When Miss Sharp was a very young girl, she was returning from a similar tour of the United Kingdom on the boat S. S. Athenia. This was on Sept. 3, 1949. At 3:00 p.m. England declared war on Germany and at 7:30 p.m. the boat Miss Sharp was on was torpedoed. After spending 12 hours in a lifeboat, she was rescued.

On this summer trip, Miss Sharp flew by jet, but she admits that she still was more than a little uneasy.

Mrs. Martha Clemens, reading lab instructor, spent four weeks touring

England, Holland, Brussels, Germany, Switzerland, Italy and France. She enjoyed her trip very much exclaiming, "If I had known all this was over there, I'd have gone long before."

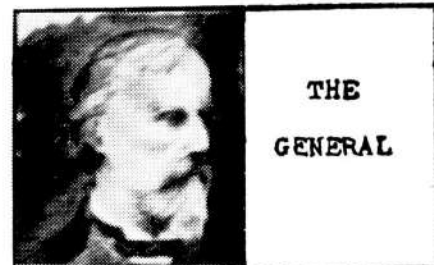

Mrs. Clemens noted many unusual European customs during her trip. For instance, in Paris, the boys greet the girls by kissing them on both cheeks. In Holland they have ditches instead of fences around their fields. The amazing part about this is that their livestock will never cross the ditches even though they are not very wide.

Mrs. Clemens admitted that a great deal of the knowledge she attained about European life was gained in the beauty shops!

Mrs. Mabel Joseph, typing teacher, spent a month in Italy visiting her parents' hometowns and relatives. She traveled with her mother and three other friends.

While there, Mrs. Joseph struggled with the Italian language and a bicycle. The latter because there were few automobiles in the towns where she was staying.

Miss Shirley Bryan, history teacher, and Miss Frances Kraft, librarian, participated in an 18 day group tour of London, Stockholm, Berlin and Paris. In London, they visited Stratford, Windsor Castle, Warwick Castle and Stonehenge. They also visited classes in an elementary school there.

Greetings students! The General here. Are you all ready for the game tonight? I have been very active lately while checking on all the students who are getting ready for our big Homecoming game against Emerson.

Last week I went to Elaine Kouvelas' house where all the Booster Club members were busy making signs to publicize the game. Sue Vorwald and I drew the most beautiful football player you have ever seen. Cindy Piet and Margie Kucan were helping too. My lumbago has really been bothering me after sitting on the floor for those two or three hours.

Also helping the girls make signs were the boys in Mr. Burelli's art class, Mickey Benzie, Ron Naccarato, Bob Blaze and that little old sign maker, John Lincoln.

A truly busy group of girls was those who worked on the mum sales. Nancy Pinkerton was complaining about sales being very slow. It seems that Jeanne Baker, Marianne Terzus and Carole Buhner were also selling mums for only ten cents. However, the unfortunate girls who purchased their mums from Jeanne, Marianne and Carol later learned that these were "do it yourself" mums. They had purchased only the seeds.

It seems that some freshman are confused by the many preparations going on for this evening's game. Amy Pruitt, Gerry Kepchar and Janis Qualizza couldn't understand why all the girls were buying those big dandelions with black ribbons tied on them.

Some of the freshmen boys are busy practicing all the new dances for the stag dance tonight. Jim Cook and Don Dendy were trying to do the monkey when Arnold Hermes and Tom Moskovich explained to them that they don't have to be in a tree to do it.

They certainly plan on selling lots of tickets for the game tonight. Senior girls, Becky Caylor, Peggy Cooke and Sandy Smock are all taking their little sisters Becky Becker, Ann Luzzi, Alicia Lopez, Cindy Torreson, Elaine Traicoff and Roberta Wheeler. Guess that shoots this week's allowance girls!

I hope that everyone has a good time at the game and stag dance tonight. Be sure to look for me because I'll be there.

The General

## New Column Voices Student Opinions

The Philosopher is your newspaper, and the staff wishes to give all students an opportunity to voice their opinion in it.

For the first time we are going to have a "Voice of the Student" column in which we will publish letters written by students.

You are encouraged to write a letter voicing either appreciation, questions you want answered about the school, faculty or traditions, criticism of the newspaper or school, or any subject that you wish to bring up.

All letters must be signed. However, your name will not be printed if you do not want it to be. Please bring all letters to the journalism room, 214M.

Since you have been given this opportunity to voice your opinions, it is hoped that you take full advantage of it. Thank you.

## New Courses Added To Basic Curriculum

An experimental course in United States government is now being conducted jointly by the social science department. The course has been planned to introduce new materials and study techniques which should prepare those students participating to do better work in college.

Teachers in charge of the experimental course are Miss Shirley Bryan, Mr. Paul Pieroni, and Mr. Elmer Molchan. Every Monday and Thursday the three classes meet in the auditorium for lectures given by one of the instructors. Approximately ninety students involved in this program will be held responsible for notes taken on daily text assignment.

A few of the topics that will be discussed at the sessions are "The Nature of Government," "Political Progress," "Problems of Urbanization" and "Government and the Economic System."

For the first time an advanced placement class is being offered in English IV. Miss Evelyn Parnell is the instructor of the course. This course is designed to cover the same material as the regular English classes, in addition to an intense study of Greek drama, a variety of Shakespearean drama and poetry of the western world.

The class is presently reading "Oedipus Rex" by Socrates. They viewed movies of selected scenes as a prelude to the reading.

Among other new courses offered this year are German and analytic geometry. Mrs. Doris Boose is the analytic geometry instructor, and Mrs. Marlis Tippitt is the German teacher.

## Better Facilities Hindered By Large School Budget Cut

Because the 1963-1964 school budget for Gary was cut, many improvements and educational subjects in the schools were handicapped.

Improvements at school during the summer were slight. A few classrooms obtained new furniture, and all the rooms were thoroughly cleaned. Dead shrubbery, vines and some trees were removed from the front of the school. Supporting poles have been placed around the drinking fountain on the near north side. After some 30 years of operation the fountain has been de-cleared out of order because of a break in the water pipeline.

Night school, which normally provides a chance for many people to obtain a high school diploma in their spare time, has been discontinued here. Emerson and Roosevelt are the only high schools in Gary offering high school credit courses at night.

## Guidance Dept. Informs Students of Naval Scholarships

Young men may now go to college and attain a position in the U. S. Navy or Marine Corps at the government's expense.

The Naval Reserve Officer's Training Corps (NROTC) now makes it possible for male citizens of the United States who will be over 17 but not yet 21 on June 30, 1964, and who are now high school seniors or graduates, eligible for the December 14, 1963, NROTC qualifying test. On the basis of this test, physical examinations, personal interviews, and other factors, over 200 young men will be given college educations as midshipmen in any 52 colleges and universities offering NROTC units.

A successful applicant receives financial aid for four years of college, including tuition, books, uniforms, miscellaneous expenses, and a \$50 per month retainer fee. After successfully completing college degree requirements and naval science training, NROTC midshipmen become commissioned officers in the U. S. Navy or Marine Corps.

Informational bulletins and applications are available at the nearest U. S. Navy Recruiting Station or from Miss Violet Street, guidance counselor. Applications must reach the Science Research Associates of Chicago by Nov. 22.

A United States Steel Scholarship is available to senior sons and daughters of steel workers. The value of the scholarship is \$4,000. If you are interested, contact Miss Violet Street in Room 119M.

Senior students interested in attending Purdue University High School Day are invited to the Purdue campus with their parents October 19. The program begins at 8:45 a.m. and will last until 3:30 p.m. Lunch will be served in the University Residence Hall.

## Business Professor To Speak for PTA

The 1963-1964 Parent Teachers Association will have their initial meetings Thursday, October 3, at 8:00 p.m. Mr. D. James Crawford, professor of business education at Indiana University, Bloomington campus, will be the guest speaker.

The PTA opened its season by giving a luncheon for the teachers before the school term began. Mrs. Lloyd McNeil and Mrs. James Middleton were in charge of the arrangements.

The executive board consists of Mrs. Richard Thomas, president; Mrs. Robert Clements, 1st vice-president; Miss Ann Novak, 2nd vice-president; Mrs. Joseph Gawor, 3rd vice-president; Mrs. Joseph Gielniak, recording secretary; Mrs. Eric Ivany, corresponding secretary; and Mr. Robert Stephenson, treasurer.

## Seven Seniors Plan Return To Joe Berg Seminar Classes

Bill Dinwoodie, Ed Majeski, Georgeanne Mandich, Richard Oracheff, Linda Orlich, Frank Panchak, and Pete Vasil are the students who plan to attend the Joe Berg Seminar.

Joe Berg Seminar is an extra curricular activity that provides extended educational experiences in academic courses for juniors and seniors that attain a "B average. Admission is based on ability and achievement tests,

## Hornets Break Friday 13th Bad Luck Jinx By Beating Horace Mann By Score of 20-13

The Hornets turned the tables on the old Friday the 13th bad luck superstition by defeating Horace Mann 20-13.

The Hornets first touchdown came in the first quarter on their second series of downs. A 24 yard run by Tom Thomas took Wallace to the yard line where Thomas scored. Jon Forgey ran the point.

Mann never yielded possession following the kickoff. A 38 yard screen pass from quarterback Jon Dimitri to halfback John Kuchaes and another 27 yard pass to end Joe Aquino put Mann on the five. Dimitri scored the TD and the kick was good.

In the third period Dimitri completed his third straight pass. This, and an 11 yard aerial to Aquino scored the touchdown.

Thomas then took off on another 30 yard run which would have scored, but was stopped by Bob Ridgely. Three plays later Forgey scored from a yard out making it 13-all.

The winning TD began with a 22 yard run by Stan Horvath, bringing the ball to the Mann 47. Quarterback Skip Lazzaro then hit Joe Martin for the TD pass and added another pass to Thomas for the extra point.

Wallace has not met Hammond since 1957 when the Hornets were defeated 26-6.

### Reserves and Freshmen Win, Beat Roosevelt 27-0, 20-0

Freshman and reserve teams have defeated Gary Roosevelt 20-0 and 27-0 respectively. The freshmen squad has also defeated Pulaski 6-0.

The freshman and reserve teams play on Saturday mornings at 9 o'clock on the Wallace field.

There are seven major letterwinners and five minor lettermen returning, plus a strong freshman squad. The major lettermen are Jim Qualizza, Mike Triplo, George Buzuvis, Ben Gatch, Fritz Ilgen, Joe Stark and Jim McNiece. Qualizza placed 10th in diving in the state meet last year.

## I. M. Grubby Relays News of Gridiron Team As They Down Mann and Wallace "Bombers"

Hi! Guess who! Well, that was close, but you're wrong! It's me, the illustrious I. M. Grubby with some grubby goodies concerning our gridiron supermen.

The other day I heard a strange crackling sound coming from the locker room. When I investigated, I found Dan "The Birdman" Sharp doing his imitation of a hen for Joe Martin. It seems Dan has been "shaking his tailfeathers" on weekends and some of the boys decided to take a few lessons from him. Skip Davis, who was watching the action from his perch atop his locker, added the observation that Dan was "lookin' good."

On the way out of the showers, Rick Hurey slipped me five and asked me to be manager for a game he had lined up with some "fellas" around school. Since it is my nature to be helpful, I agreed and showed up at the appointed time and place.

There the battle of the century took place as the Wallace "bombers" consisting of Flatfoot Opsitnik, Peg Leg Vorwald, Stonehead Piet, Rocky Siegle, Swayback Gersack, Twinkletoes Wilk, Cookie Kouvelas, Steel Burches and Animal Ward went down to defeat at

the hands of the Wallace Hornets whose names are hereby being withheld to protect them.

At the Horace Mann game I heard the plaintive cry of Bob Hurey as he yelled to Jon Forgey to pinch him so that he could get the use of his arm. Jon pinched him, and Bob was hindered more than helped.

On the way home from the Mann game, it made old Grubby's heart melt to hear the golden tones of Don "The Warbler" Tokarski as he led the boys glee club consisting of Gary Wilk, Dennis Barlow, Tom Herbert, Sonny Armato, Bob Harkness Tom Thomas and Skip Lazzaro in a rendition of "That's the Way the Cookie Crumbles" especially for the Horsemen.

Upon entering the inner sanctum at school, I heard a loud commotion coming from the showers. It seems Louie Lindinger had caught his big toe in the whirlpool bath and when I entered Lou was merrily spinning around, bobbing up and down with a smile of enjoyment on his face. It's a good thing managers Rick Davis, Bill Homoky, Bruce Wackowski and I entered when we did, because Lou was going down for the third time.

The next week of practice, George Kos, Tom Miller and Chuck Pazera came limping out to practice. It seems they were injured at a friendly get-together after the game where they were trampled on by 80 members of the varsity squad as they cautiously made their way to a tableful of pizzas.

Well, so much for now, and so long.

## Six Lettermen Return To Harrier Team

Having just begun the new season, the cross country team came back with six varsity men from last year and a large group of sophomores and juniors.

Coach Michael Jennings expects a fairly good team built around Henry Kirklewski, Al Madson, Dan Cadiano, Dan Flowers, Terry Guthrie and Emilo Ramos.

The Harriers have already run against River Forest, Horace Mann and Valparaiso in a triangular meet. They have also participated in the city meet.
