LEW WALLACE QUILL AND BLADE 1940

W.E.

**THE STORY OF THE STUDENTS AND FACULTY OF THE  
LEW WALLACE SCHOOL, GARY, INDIANA, IN THE YEAR 1939-1940**

## *We* THE STUDENTS

THE students have each year watched the ivy on our building slowly creeping upwards, and as it has progressed—in wisdom and experience so have we. It is here we have sorrowed over our first, deep disappointments and excelled in our first great triumphs. We have learned the necessities of a balanced life—work, study, and play; but we have gained more—we have realized the values of leadership, service, character, and most vital of all, friendship!

## *We In the* THE FACULTY

THE faculty have followed the ivy's progress too, seeing in it a symbol of the development students who still have a high wall to scale before reaching the top. We extend to them the benefits of our experience—share our knowledge and our successes, and warn against the mistakes we have made. Our responsibility is great because we know that America tomorrow depends upon the training of youth today.

LEW WALLACE HIGH SCHOOL, GARY, INDIANA

“FRIENDSHIP, friendship, just a perfect blendship”—This part of the song that was in “full swing” during the year 1940 would certainly be an ideal theme song for us. We have established friendships with our neighbors. Notice our president offering a welcoming hand to Fletcher Thorne-Thompson and Beth Ludberg on their friendly visit from Horace Mann. Our teachers are companions as well as “wielders of the rule.” Observe Mr. McBride in the midst of that after school “con-fab.” Best of all, in twosomes, threesomes, foursomes, and large groups, we have enjoyed the comradeship of our fellow students.

*We*  
FIND PLEASURE IN  
WORK AND PLAY

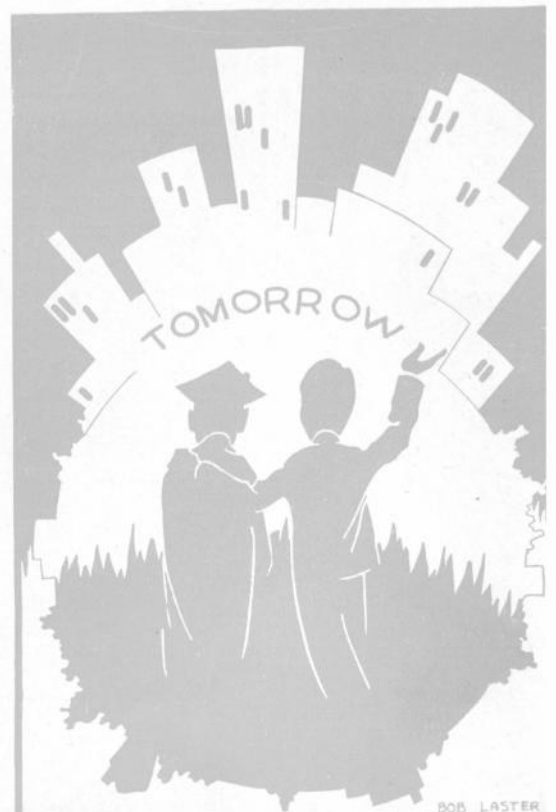

WE really do smile at Lew Wallace! These pictures of Mr. Carmony prove that it is daily practice for him. The friendly smiles of the office girls are familiar to us all. Miss Richardson's students must have made perfect scores if we may judge by her beaming face. Even our new additions to the faculty, Miss Elster and Mr. Harris, have caught this school spirit. Teddy seems to be shedding a "new light" on the subject as he happily performs his task. This beach snap shot shows that Mrs. Miner and two local beauties have carried the school atmosphere into summer vacations.

## PRINCIPAL VERNA M. HOKE

Miss Hoke's excellent perception of the student's viewpoint is the result of the fact that her education did not cease with the procuring of her degree from the University of Southern California. At the present time she is continuing her formal education in her special field at the University of Chicago, and her cultural background is augmented by constant reading in many fields. Her active observation in other schools, and her membership on the State Board of Education also help her to keep abreast of educational trends.

It is through her foresight and courage that we students of Lew Wallace have the advantages of a program that includes vocational, personal, educational, and social guidance. Through her indefatigable energy, formative ideas are put into practical operation here at Lew Wallace.

# THE ADMINISTRATION

The hub of our school is the administrative body. Any hour of the day that we walk into one of the offices, we may hear the clicking of typewriters and see the office girls, whom we have come to know so well, busily at work distributing our locker keys, arranging our program schedules, writing our admits, and doing many routine tasks which help to make our school run smoothly.

Miss Hoke, the head of the administration, and Mr. Asher, her assistant, also devote much time and energy to making the school a place where its chief functions, teaching and learning, may be effectively performed by teachers and students.

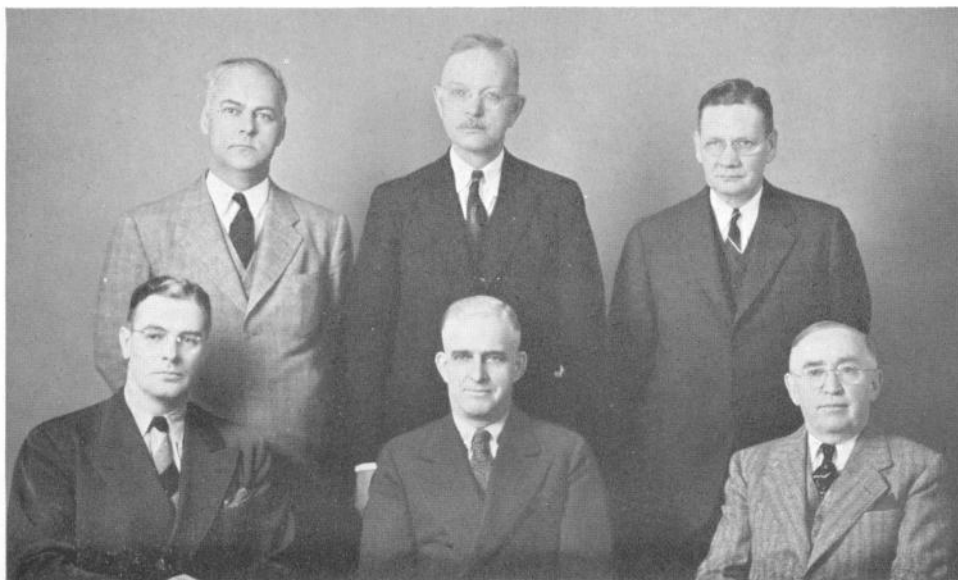

Virginia Shepherd

## FLOYD G. ASHER

Mr. Asher, our assistant principal, is a man who can face with unruffled calm the myriad demands for supplies, books, and repairs, and do the countless other tasks that go with caring for the material part of school administration. In matters of attendance, he is undaunted even by the problems which epidemics and spring fever create. His sane, logical judgment and understanding sympathy have led teachers and students alike to seek his advice about subjects as varied as school life itself.

Suley, vice-president and treasurer, who are both prominent business men; Glenn O. Rearick, secretary, an important leader in civic affairs; Dr. James A. ## THE ADVISORY COUNCIL

Through the Advisory Council, an organization consisting of parents, school officials and alumni, school problems are considered from the viewpoint of both the school and the community.

The Advisory Council discusses these various school and community problems at monthly luncheon meetings held in the school cafeteria throughout the school year. The school and community present their problems, and suggestions are made for solving them. Many improvements have resulted from these suggestions.

The ultimate aim of the Advisory Council is to bring about a better understanding among the students, teachers, and members of the community. They are indeed accomplishing this aim, as they have just completed their tenth year as a successful organization. Both the community and the school have profited by their cooperation within this group.

Front row—Mrs. Miner, sponsor; Delbert Watkins, secretary.

# 1940 CLASS OF LEW WALLACE

In the fall of 1936, we entered high school, a group of promising freshmen looking forward to new ventures. We elected as our class leaders Chester Anderson, president; Louise Schneller, vice-president; and James Davis, secretary-treasurer. One of the highlights of our freshman year was the annual Freshman Frolic. The gym of the west building was gaily decorated for the occasion and everybody had a good time dancing to the melodies of Bill Rose and his orchestra. The combined freshman operetta and play was given in November.

The following fall, sophomores now, we elected Elizabeth Swigart, president; Russell Bass, secretary-treasurer; and Thomas Spencer, vice-president. These officers, aided by our class sponsors, planned the rose sale and the Sophomore Hop, which was the first evening dance given by the class. Under the directorship of Miss Sandles we presented our class play, **Penrod**, in which Russell Bass made a great hit in the title role.

As juniors our main project was the orange sale. Soon afterward, rehearsals were underway for our class play, **Double Trouble**, in which Marie Carlton and Jeanne Charleton were the twin troubles. Eventually the much anticipated Junior-Senior Prom came. The junior officers who shared in leading the grand march were John Smith, president; Betty Cristman, secretary-treasurer; and Delbert Watkins, vice-president.

When fall came again, we begin the final round of our high school days. The former class officers retired in favor of Tony Fileff, president; Elizabeth Rassmussen, vice-president; Delbert Watkins, secretary; and Peter James, treasurer. Many of us were given an opportunity to show our histrionic ability in the class production, **What A Life!** All too soon came the Prom, Baccalaureate, Convocation, and Commencement and we were happy, yet sorry, that our school days were closing.

Like all good things, our high school days must end, but these four years have brought us some of life's best friends and most cherished memories.

## OF 1940 OF LEW WALLACE

The Class of '41 entered high school in 1937 with high anticipations for the coming years. They were in high school now and considered themselves young men and women. Selected as class sponsors were Miss Volz, Mrs. Crawford, Mr. Carmony, Miss Snowden, Mrs. Ensweiler, and Miss Lemon. The freshmen started the year by electing Norman Jansen president, Alex Chabe vice-president, and Emil Lascoe secretary-treasurer. Their great event of the year, the Freshman Frolic, followed soon after in October. They had high hopes of having a night Hallowe'en party but they soon discovered that freshmen are "too young"—it was held after school. Despite this fact, everyone enjoyed himself—including the sophomores, juniors, and seniors.

After enduring the nicknames of "freshy" and "greenhorn" for a whole year, they welcomed the idea of being sophomores. Stanley Hutches, Steve Gaza, and Maxine Montz were elected president, vice-president, and secretary-treasurer respectively. In December, under the direction of Mrs. Saks, they gave their first class play, **Anne of Green Gables**. Eight days later came the Sophomore Hop amid wreaths of holly and Christmas trees. In the spring they replenished their coffer by selling roses.

Juniors! How long they had waited to write that beneath their names. They seemed wonderfully grown-up now. Soon after electing John Carlson president, Steve Gaza vice-president, Helen Watson secretary, and Doris Timm treasurer, they selected their class rings. They then began selling oranges, establishing an all time high of 1872 dozens. Their play, **The Saturday Evening Ghost**, was a comedy although it had a "spooky" title. Another grand success! Then came spring with birds and bees and long formal dresses. The pockets of white suits were emptied of moth balls and everyone prepared for the greatest event of his high school days, the Junior-Senior Prom.

Three years are gone—one year to go!

There's laughing where **AUGUST VIDMICH, JR.**, is. He was a Wizard, and on both the football and cross-country track teams.

Although **GEORGEELLA STEWART** did not hold membership in any special club, she boosted and supported all activities.

**NILE WIXON** played on our school football team. He also swam and found time to draw for the Wallace Wizards.

**HELEN M. STOFEGA'S** good sportsmanship and athletic ability admitted her to G. A. A. activities where she made several varsity teams.

**ARLOWENE STIEFENHOEFER**, a hall monitor, distinguished herself in G.A.A. and Concert Band. Her hobby is horseback riding.

Besides being an active member on our swimming team four years, **BUD WOTHERSPOON** found time to drive around in his coupe.

The Junior Class evidenced their faith in **DORIS TIMM'S** competence by electing her treasurer. She worked in the Biology Club, Auditorium Council, and G.A.A.

When **HELENE D. TOMASIC** walked through the halls, she always had a happy smile for everyone.

We've all been happy to know **ANNE TUSKAN** because she is so friendly, reasonable, pleasant, and good-natured.

His height and his colorful Club Yugo jacket distinguished **STANLEY M. ZRNICH** wherever he went.

**ANN VALSI'S** good humor will be remembered by members of the G.A.A. and Girls' Glee Club, and the opera casts.

**ROSEMARY WATERS**, a Glee Club member, who sang in "Nightingale" and "Pinafore," is interested in interior decorating.

**HELEN MARGARET WATSON** showed her initiative as secretary of the Junior Class. She was in the Auditorium Council and Glee Club.

**BESSIE VOJNOVICH** collects different kinds of ribbons. A blue one to her for her winsome smile! She was a Wizard and an Olympian.

Little but mighty, **MARY JANE WOTHERSPOON** was a lover of horseback riding and swimming. She was a G.A.A. and Camera Club member.

**ANNA YURAN** says her hobby is exercising to lose weight but we like her just as she is.

## THE SOPHOMORE CLASS

In this picture the camera has caught the officers and sponsor of our Sophomore Class. Seated in front are Josephine Hart, vice-president and John Vale, president; in the rear are Richard Hills, secretary; Mrs. Ida Kay Saks, sponsor, and June Hansen, treasurer.

This class has gained a reputation for its fine dramatic productions. As freshmen they presented **Robin Hood** and this year **The Land of Oz**. Their first social event, a Freshman Frolic, was a success and this year they had an exceptionally fine Sophomore Hop.

## THE FRESHMAN CLASS

Our Freshman Class leaders who are shown at the left were vice-president, Andy Anzanos; secretary-treasurer, Jean Minnier; sponsor, Miss Sharpe; and president, Paul Schleicher. The freshmen started their high school career by being accredited with holding the best class meeting of the year. November found Nina Gaboian and Jack Reeves busily studying dialogue and stage directions for **The Land of Oz**. Together with the sophomores, the freshmen gave a truly good performance. All the freshmen agreed that their Freshman Frolic in April also proved to be a success. Judging from this year's activities, we may expect big things from the class of 1943.

#### DRAMATIC CLUB

This year the Dramatic Club, the membership of which is divided equally among the four high school classes, has presented a series of dramas of the literary type directed by Miss Sandles. A tragedy, **Riders to the Sea**, and a melodrama, **The Pot Boiler**, were two of the most prominent. For the Senior Play Meet a fantasy, **The Vanishing Princess**, was given. As another project, each student presented a Shakespearean monologue with one piece of stage setting, one property, and an improvised costume. The Dramatic Club promotes deeper appreciation of good plays and also cultivates better voice and diction.

Jeanne Charlton

#### AUDITORIUM COUNCIL

This organization has supported the Auditorium Department in providing a diversified program for promoting and fostering auditorium interest among the students. Each event is preceded by an effective advertising campaign and sale of tickets carried on by this group, and specially trained members of the organization are in charge of the ushering. As a recent project of the club, fresh flowers and plants are kept in the auditorium. By these activities the Council relieves the Auditorium Department of much of its business routine.

## GIRLS' GLEE CLUB

The Girls' Glee Club is an all around club for girls who are interested in music. Although there are two groups pictured, the seventy girls always appear as a single singing unit. The joint organization of the A Cappella Choir and the Glee Club is headed by Bernadean Craig as president. The club held its first social affair in April. The gym, decorated to lend a rural atmosphere, was the setting of their old-time social. Several important appearances have made this year a busy one for the girls. At the Better Citi-

zenship Organization Inaugural they sang **Whispering Hope** by Alice Hawthorn. They immediately received many requests to repeat the number. On April 29, the club sang at the sanatorium in Crown Point. Their biggest singing event was the choir concert on May 17 which was the second of its kind to be given at Lew Wallace. The year came to a fitting close, for the Glee Club as well as the seniors, at Commencement.

## BETTER CITIZENSHIP ORGANIZATION

All organizations which perform some service for our school are included in the Better Citizenship Organization. Representatives from the seventh through the twelfth grade home rooms and from all service clubs meet weekly during the 3:15 period to discuss and attempt to solve school problems under the guidance of Miss Nesbit. Officers are elected in the spring and are inducted at the annual inaugural the following fall. This year an inaugural ball followed the induction and plans are being made to establish the ball as an annual event. A skating party and weekly sales of pop corn balls financed the projects of the organization.

### SAFETY COURT

In an effort to make our students more safety conscious, Mr. Hartsough organized a safety court in 1939. It is the duty of this court to try cases of students who have in some way violated the safety regulations of our school. Court sessions are held every Thursday at 4:20. A violator is taken before the court and given a fair trial. If found guilty, he is given a constructive penalty for his particular offense. One of the reasons for the success of the court in its first year was the competence of Judge John Smith.

John Garapic

### OUTSIDE PATROL

The purposes of the Outside Patrol are twofold, to safeguard lives and to educate us in safety. Seven times daily, patrol boys take their posts at the intersections of Forty-fifth Avenue and Jackson Street and Forty-fifth Avenue and Madison Street. As a compensation for their services the boys receive passes to shows and football and basketball games. Each high school boy receives a major letter and each grade school boy a minor letter for one year of satisfactory work. Mr. Hayes, sponsor, has again led the patrol through the year with a perfect —no accident record.

#### INSIDE PATROL

The policeman at the corner of Eighth and Broadway on Saturday night is not one bit busier than our hall guards at their busy posts. Over a thousand students pass through the halls each hour. It is the duty of our hall guards to see that these lines of traffic move as rapidly and as smoothly as possible. They must also insure order at the drinking fountains and in the wash rooms. We are indeed grateful to the members of the inside patrol for their splendid work.

Mary Louise Mason

#### MONITORS

The monitor sits at his desk in the hall deeply engrossed in his economics. His studies are interrupted by the sound of the outside door banging shut. With a somewhat mechanical, "Do you have a pass?" he halts the boy who has entered. When he has sent the boy outside, he returns to his economics. Before long he is aroused by a deep voice asking to be conducted to Miss Hoke's office. The monitor cheerfully submits his study period to such interruptions as these in order to insure quiet in the halls while classes are in session.

Mary Louise Mason

## GIRLS' CLUB

The Girls' Club was organized in 1938 to give all high school girls the opportunity to become better acquainted and to study together the many things in which girls are interested. At regular meetings held during home room periods many helpful programs were given. Their main project this year was entertaining the five hundred girls who attended the Fourteenth Annual High School Girls' Conference held at Lew Wallace in April. Representatives from twenty-seven schools enjoyed a delicious luncheon and profited by group discussions led by presidents of the different Girls' Clubs.

Lois Joint

## BOYS' CLUB

All high school boys are members of Boys' Club which was organized in 1939. Meetings were held in the auditorium during home room periods. The speakers at the meetings included Mr. John Piet, Dr. E. C. Doering, Rev. Harold E. Schmidt, Dr. David Templin, Rev. Monroe Schuster, and Mr. Paul Jankowitz. Among the subjects they discussed were vocations, health, and getting along with people. The Boys' Club cooperated with the **Philosopher** staff and the Sphinx Club in sponsoring a courtesy drive throughout the high school and the sixth, seventh, and eighth grades.

### COSTUME CUSTODIANS

Important as clothes are in creating personality in everyday life they are even more necessary to the creation of a personality on the stage. When we need a Chinese costume, an Indian headdress, a Puritan collar, or a beautiful dress for the ball, presto—before our very eyes, it miraculously appears through the magic of our fairy godmothers, the costume custodians. For each of the six auditorium classes three custodians are selected from the Auditorium Council. It is their duty to keep the room spic and span and the costumes in order.

Betty Mallinson

### STAGE CREW

Playing an important part in the work of our Auditorium Department is the stage crew which is made up of boys who are especially interested in scenery and stage technique. They build scenery for the large productions and take care of setting it up and "striking" it during the production. Preserving the properties and keeping the stage orderly at all times is also an important duty of our crew. The exactness and efficiency with which these boys do their work has made us very proud of our stage.

Don Eddy

## SENIOR HONOR SOCIETY

Since the founding of our Senior Honor Society the membership has steadily increased and included this year thirty-seven juniors and seniors. Election to the society is based on character, leadership, scholarship, and service. One of their projects this year was an honesty campaign conducted through the home rooms. They also took part in the all-city Senior Honor Society round table discussion, exchanging ideas with other Gary students. The social event of the year was the annual city-wide Senior Honor Society banquet.

Eleanore S. Rutz

## JUNIOR HONOR SOCIETY

Among the many school organizations striving to build honest, trustworthy, intelligent citizens is the Junior Honor Society. Their ideals are expressed in their requirements for membership: outstanding character, leadership, scholarship, and service. Their purpose is to develop in all students a desire for these four qualities and to recognize students possessing them. Twenty-eight new members were inducted into the society in April. Their social activities during the year included a Christmas and a Valentine party, both of which were held in the school gymnasium under the sponsorship of Mrs. Connerly.

## SOLOISTS

The soloists grouped around Miss Volz, their inspiring instructor, have done much to add color to the musical department of our school. Blending their voices in fine harmony, the Lew Wallace quartet consisting of George Schimmel, not present when the picture was taken, Don Eddy, Richard Wagner, and Bernard Kepshire sing with poise and assurance. Outstanding girl soloists include Mary Jean Phipps, Maxine Haddix, Marian Roknick, and Lorraine D'Azzena, whose unusual voice gained her the lead in **The Bohemian Girl** when she was a freshman.

## A CAPPELLA CHOIR

For the benefit of girls interested in vocal music, the A Cappella Choir was organized in 1939. It functions effectively under the direction of Miss Helen Egger. The present officers are Bernadean Craig, president; Mary Christman, vice-president; and Phyllis Jean Brown, secretary-treasurer. The choir, with the cooperation of the Girls' Glee Club, sponsors an annual magazine sale, the proceeds of which help to purchase robes. During 1940 the choir sang over radio station WIND, sang for commencement exercises, and sponsored a concert in the spring.

## ORCHESTRA

During the past two years the members of the orchestra have studied many of the classic and standard orchestral compositions, concentrating particularly on the best known and most popular works of Beethoven and Mendelssohn. Miss Scheddell, a new member of the music department, has served in the capacity of assistant orchestra conductor, and has helped the members to achieve greater proficiency through individual instruction. Her work in developing string ensembles has helped to create a better orchestra. Mr. Bobele also assists Mr. Hendrickson who is in charge of all orchestral music in Lew Wallace.

Arlene Du Mond

## BAND

Through the Concert Band, many Lew Wallace students enrich their lives by being able to create and to enjoy fine music. The well-known classics of great composers are studied and individual students work on solos, duets, and ensembles. The activities of the band include playing for all home football games and for the annual Christmas parade, and presenting two concerts each year. Twice a year the band and orchestra cooperate in presenting a concert. At the last concert the soloists, Bob Tobey, trombonist, Peter James, violinist, and Phyllis Jean Brown, pianist, gave excellent performances.

#### VIVI-DARIAN

One of the clubs which helps to promote the friendly spirit among Lew Wallace girls is the Vivi-Darian Club. Membership is limited to thirty junior and senior girls each of whom must have a scholastic average of C or above and ten extra-curricular activity points. Profits from its monthly potato chip sale are used to sponsor teas given for all high school girls. In addition to the teas, this year's activities included a dance, a pot-luck dinner, bi-weekly business meetings, and monthly social meetings.

Dorothy Hilty

#### SPHINX CLUB

We, the Sphinx, are a group of junior and senior boys whose purpose is "to elevate the level of accomplishment among the student body in scholarship and social contact." The qualifications for membership are leadership, high moral character, good citizenship, and average scholarship. Annual activities include the Sphinx-Vivi-Darian dance, ushering at Baccalaureate and Commencement, and assisting the Activity Committee in ranking pupils and planning Activity Day. A new venture this year was a courtesy campaign conducted in conjunction with the **Philosopher** and the Boys' Club. Our sponsors are Miss Richardson and Mr. Tormohlen.

William Moore

## SOCIAL COMMITTEE

Much of the proficiency of many of our dancers this year was probably due to their attendance at the matinee dances scheduled every other Tuesday by the Social Committee under the sponsorship of Miss Brown, Miss Elster, and Mr. McBride. The committee cooperated with other organizations by taking charge of the victrola and lights, and having available information concerning orchestras and decorations. From their funds they contributed toward the publication of the annual, donated to the safety fund, bought new records for the victrola, and purchased two silver sandwich trays for the school.

Anne Pottle

## BOOSTER CLUB

The Booster Club strives throughout the year to accomplish three things: first, to boost all activities; second, to promote the general welfare; and third, as its name implies, to encourage each student to be a real booster. A major project is choosing, training, and managing cheer leaders. The organization consists of one representative from each home room, the cheer leaders, and its sponsor, Mr. Carmony. It is purely a service club, and serves as the publicity and sales department of the Better Citizenship Organization.

# 1940 *Quill & Blade*

LEW WALLACE HIGH SCHOOL, GARY, INDIANA

The Lew Wallace year book, the **Quill and Blade**, is published biennially as a joint project of the juniors and seniors. The members of the 1940 **Quill and Blade** staff have chosen "We" as the theme for this year's annual in an attempt to show how the students, the faculty, the administration, the parents, and the Board of Education, all as one big unit, work together in a spirit of friendly cooperation.

The annual staff is really four staffs combined. The business staff is responsible for the sale of the book and for financing its publication; the art staff does the free hand illustrating; the copy staff writes the copy; and the photography staff produces the snapshots.

This book is itself an illustration of our theme, being a product of the combined efforts of us all, and we wish to express our appreciation to those who have so willingly helped in its publication.

Rhoa Reese

# THE STAFF

Seated at the desk are Marilyn Salon, Dale Greathouse, Mary Choncoff, Stanley Hutches, Arlene DuMond, and Dorothy Green.

In the second row are Don Eddy, William Moore, Robert Clark, Eileen Michaely, Adele Sychalski, Mary Christman, Mrs. Crawford, Miss Shelley, Mr. Carlson, Jeanne Charlton, Betty Mallinson, Marie Carlton.

In the top row we see Mrs. Clemens, Bernadean Craig, Robert Sikich, Karl Dye, Mary Jean Phipps.

Miss Shelley, who has complete charge of the annual is busy seeing that the dead line is met. She has been a sponsor of the **Quill and Blade** since the first issue was published in 1932. Mrs. Clemens helps the Journalism Class prepare the copy. The supervisor of the bookkeeping, Mrs. Crawford, keeps the records straight, while Mr. Carlson has complete charge of the sale of the year book. His best salesman was Marilyn Salon who sold seventy-two copies.

## PHILOSOPHER

Since 1933 our school paper, the **Philosopher**, has grown from a monthly collection of mimeographed sheets to a biweekly printed paper.

The publication of the paper was an extra-curricular activity until 1938 when the members of the newly organized journalism class and the boys in the print shop took over the project. This has been found to be a much more satisfactory method of publishing.

The administrative officers of the staff are the editor-in-chief, business manager, and secretary. Section editors, who supervise the work of re-

porters, must see that all news for their sections is handed in by the reporters. The section editors then edit the news and turn it in to the editor-in-chief.

An exchange editor has charge of exchanging papers with thirty-three schools among which are some in such distant states as Texas and Pennsylvania. As a result, many new ideas are obtained for our paper.

Every semester the staff strives to publish bigger and better papers and evidently they are accomplishing this, as the subscription list is constantly growing.

### INKPOT

Those of us who now and then feel the urge to jot down a bit of verse or description are members of the Inkpot Club. We hope to develop a keen appreciation of good literature through our own creative attempts, so at our meetings each one reads an original short story, essay, or poem. Since the club's beginning in 1933, Mrs. Ensweiler, the sponsor, has been compiling contributions written by the members. This year she is planning to have the best of them published in book form.

Mary Jean Phipps

### WALLACE WIZARDS

The Lew Wallace High School art club, the Wallace Wizards, was organized in 1935. The purpose of the club is to help develop an appreciation of the arts and to encourage spontaneity and freedom of expression in the arts and crafts. The club is also trying to establish a scholarship fund to be made available to students who intend to follow a career in some field of art. The social activities include annual sketching trips, dances, and meetings with other high school art clubs.

#### FRENCH CLUB

Les Jeunes Parisians, the Lew Wallace French club, was organized during the school year 1935-1936 for those of us who are interested in the French language and culture. Every year on Shrove Tuesday the club sponsors a Mardi-Gras party. Confetti, serpentine, balloons, gay costumes, tasty refreshments, and dancing all join in giving our party the Creole atmosphere of old New Orleans. This year the club also sponsored a showing of the French film "Mayerling." Membership in the club is limited to thirty second-year students or students who have completed two years of French.

#### OLYMPIAN SOCIETY

The Olympian Society helps us to realize that the study of Latin doesn't consist merely of declensions, conjugations, and the subjunctive mood—but that behind it lies the rich culture of Roman civilization. At our meetings we play Latin games and sometimes have amusing Roman plays. We also sponsor an annual reception for the eighth grade students of four Glen Park schools. This reception is financed by a sale of Christmas candy. The officers are Evelyn Chiabai, president; Jean Walter, secretary; and Fred Stanley, treasurer.

Mary Jean Phipps

## PICA CLUB

In 1938, the Lew Wallace Pica Club was established as a part of a national organization, and in our first year, we won a national contest for high school print shops. Through correspondence with high school printers we are able to profit by the experience of others. Although we print most of the tickets, programs, and announcements for the Gary Schools, our activities are not all work; we frequently have parties, at which all of the members, including both boys and girls, enjoy themselves.

## F. C. A.

The Future Craftsmen of America, more informally known as the F.C.A., is an organization of boys whose pleasure is pursuing various crafts. One of their projects is to furnish electrical and hand appliances with which to work on metal materials. The boys have an opportunity to use these machines during their leisure hours. Through this organization they receive training in craftsmanship and leadership, which proves valuable to them in the occupations which they follow after graduation. They send representatives to the annual national F.C.A. convention in Detroit.

## CLUB "W"

Club W is composed of boys who have been awarded major letters or trophies in one or more of our athletic activities. Sponsored by Coach Baer, Coach Polk, and Coach Smull, its primary function is to promote sportsmanship among all students both on and off the field. Their yearly calendar includes the annual club initiation at which new members are given the pledge and initiation rites; athletic banquets where awards are given; and, at the close of the year, a picnic where there is food and fun in abundance for all.

## CAMERA CLUB

A group of Lew Wallace "shutter-bugs" has recently organized a camera club, the purpose of which is to promote interest in photography in the school. The twenty-five members of this club learn not only the art of taking pictures, but also how to develop them. The charter members have elected Charles Elisha as their first president. Mr. Coons is the faculty advisor. Membership in the organization is open to any high school student who is interested in photography and who owns a camera.

### KLUB KEM

We embryo chemists first became an organized group as Klub Kem during April, 1939, under the sponsorship of Mr. Shelley. At that time Robert Hansen was elected Chief Chemist to guide us in creating a greater interest in chemistry. By setting aside the first Tuesday of every month for reports on the various experiments, we were able to use the remaining Tuesdays for our experiments. Experimentation with plant chemiculture, electroplating, and the making of paint pigments and various cosmetic materials have helped six members of Klub Kem to choose chemistry as their probable vocation.

Marilynn Salon

### BIOLOGY CLUB

Many people do not know that the flowers which decorate the table outside Miss Hoke's office are bought from the treasury of the Biology Club. The two most important activities of the club are the annual apple sale which usually takes place in February or March and the awarding of pins to three members who have rendered the most service to the club. The sponsor, Miss Lola Lemon; the president, Evelyn Lachowicz; vice-president, June Hansen; secretary-treasurer, Vivian Hancock; and assistant secretary-treasurer, Doris Timm, have done much to make the club a success.

# We THE PLAYERS

On this and the adjoining page we find scenes from the school theater that show the variety of productions staged by our students.

## SENIORS

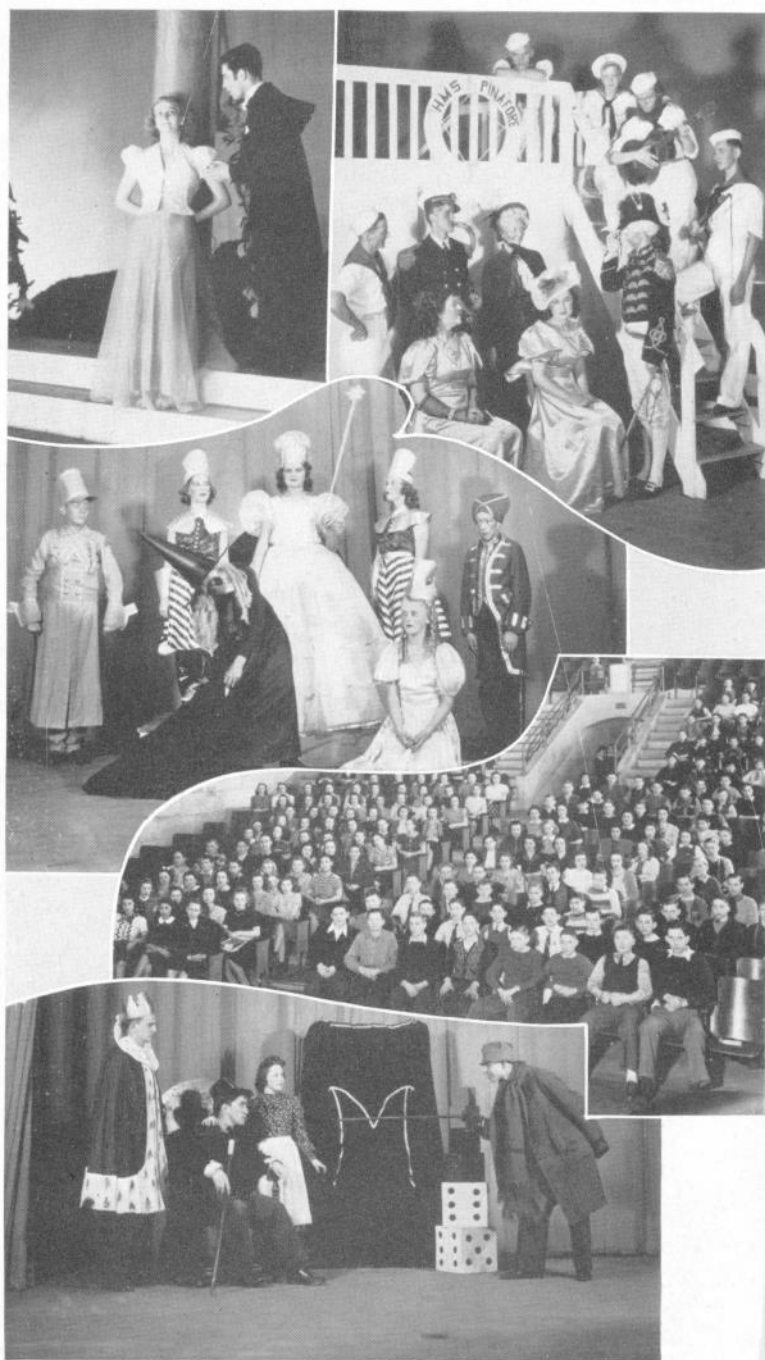

Our Senior play last year was the former Broadway hit, **Death Takes a Holiday**. This year's Senior play, **What a Life**, had not been presented when the **Quill and Blade** went to press. Since our operas are biennial productions, many of the 1940 seniors had parts in last year's **H.M. S. Pinafore** which was directed by Miss Volz.

## UNDERCLASSMEN

The Freshman and Sophomore classes collaborated in presenting **The Land of Oz**, and, judging from the rapt expressions on the faces of the audience below, everyone was literally taken "Over the Rainbow". Our appreciative audiences are probably in part the result of the fact that many of the spectators themselves have had experience behind the footlights and realize the time and effort spent in play production.

## SENIOR PLAY MEET

Lew Wallace was well represented in the all-city senior play meet by the talented cast and clever stage set of **The Vanishing Princess**. This was one of the plays produced by the drama class under the direction of Miss Sandles.

### THE LAND OF OZ

A pumpkin, wooden horse, and even a scarecrow came to life in the Freshman-Sophomore play, **The Land of Oz**. The play, directed by Mr. Kessler, was filled with adventures, laughs, and thrills. It centered about the experiences of a young boy, portrayed on the stage by Don Robertson.

### JUNIORS

It was a "cricket" of a play and Archie was "jolly well scared" of that ghost chap. "I say though" those American twins had our English ghost in a "pip" of an uproar. Our Junior cast and audience howled with glee at these mischievous twins in **The Saturday Evening Ghost**.

### JUNIOR PLAY MEET

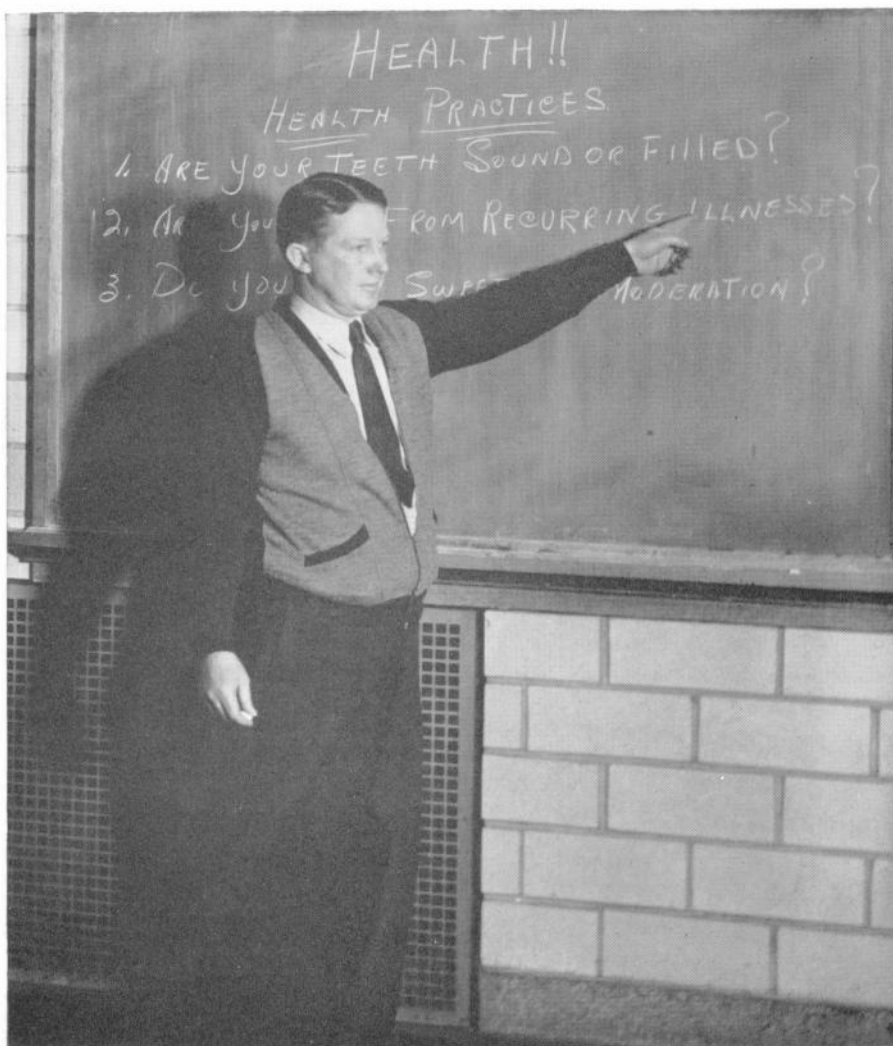

The delightful play, **She Stoops to Conquer**, represented Lew Wallace in the annual Junior Play Meet. Our young heroine in the play not only conquered her young man, but also the fancy of the audience. The cast and the director, Mrs. Saks, received many favorable comments after the meet.

### STAGE CRAFTSMEN

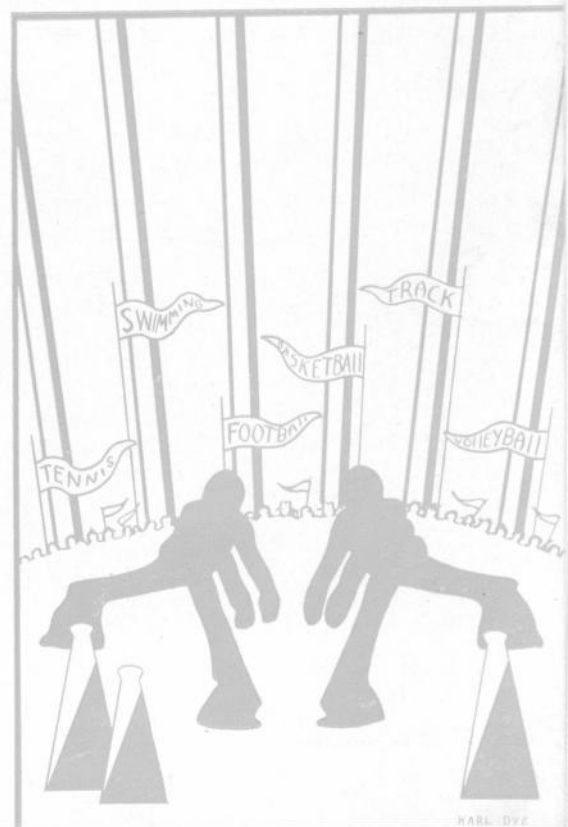

The lovely tapestries in the Junior play and the new stage settings in the various other productions were all results of the daily class work of our newly-organized stage-craft class. Under the direction of Mr. Harris, the members have learned the preliminary secrets behind the footlights. Back stage is both their class room and their work shop.

## F O O T B A L L

Our 1939 football season proved to be successful in spite of the fact that we were confronted with the toughest schedule in our school's history.

In the early weeks of the football campaign we proved to be an outstanding contender for the conference title, but because of the injuries of some of the varsity players and the ineligibility of others, we fell into a slump.

Our football season was highlighted with decisive victories over Hobart, Washington of East Chicago, and Horace Mann.

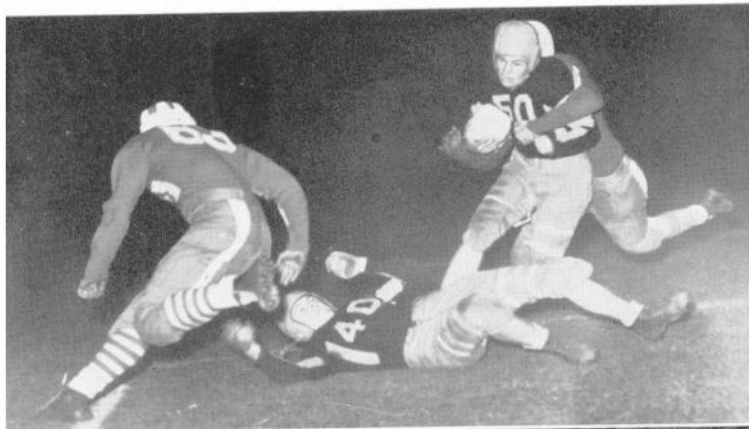

Although we lost five games, three of them were lost by the margin of one touchdown or less. We lost to Emerson 15 to 7, Joliet High 7 to 6, and Whiting 13 to 6. Our other losses were to Reitz Memorial and to Froebel, which scored one of the season's biggest upsets by beating us 19 to 0. We extend our hand to "Fordy" Anderson for his excellent captainship and to Coach Baer who proved to be a real coach when the going was the toughest.

We ended the season with four victories and five defeats, finishing third in the city standing and tying for fifth place in the Western Division of the Northern Indiana High School Conference.

## THE CHEERING

Displaying plenty of zip and cheering ability, our cheerleading squad, Delbert Watkins, Lois Joint, Irene Liber, Gertrude Robinson and Jack Cohn inspired our teams to many victories.

# B A S K E T B A L L

Lew Wallace won the city title and tied with Washington of East Chicago for the western N.I.H.S.C. championship in 1940, establishing one of the finest records ever made by one of Coach Polk's teams.

Led by Captain Ted Sikora, who was the "spark plug" of the team, we won 18 games and lost 7. He was ably supported by Bart Sikich, a consistently high scorer; Steve Gaza, high point man; Alex Shuman, diminutive guard; James Manion, our main defensive cog; and Charles Stiefenhoefer, a dangerous scoring threat who proved valuable in many encounters. Reserves Joe Black, Richard Starr, Leslie Pruitt, and George Obren played important rolls in many of the games.

Our buzzing Hornets opened the season at Tolleston and, displaying mid-season form, won by the score of 40 to 16. A week later Hammond High fell before the Hornets with a score of 32 to 30. This was our first victory over a Hammond High team. We defeated Whiting 30 to 27 and Emerson 25 to 21. In our single contest against Hammond Tech, which went on to win the state championship, we were victorious, the score being 37 to 32.

In the first game of the Gary Holiday Tournament, Emerson upset us 33 to 26, and in the consolation game Horace Mann staged an even greater upset by defeating us 43 to 25.

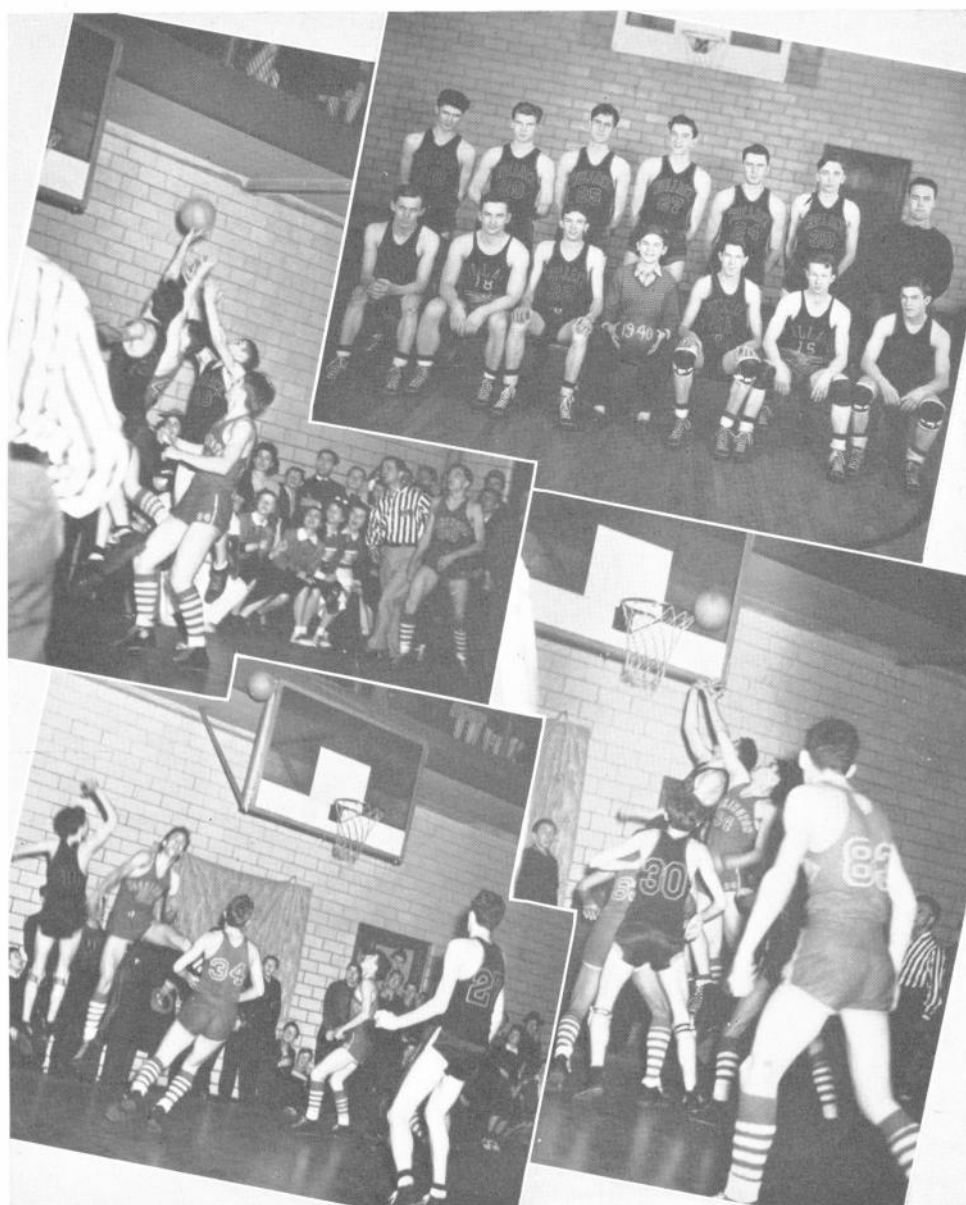

Starting the new year on the right foot, we came back to hand Horace Mann a 20 to 10 licking. This victory broke Horace Mann's string of nine straight victories over former Wallace fives. Froebel handed us our first conference defeat with a score of 21 to 19. In a thrilling double overtime game, we lost to Washington of East Chicago 24 to 22. To prove that we were not out of the title picture we about-faced the next night to defeat Froebel 33 to 21. Valparaiso upset all predictions by defeating us by the score of 34 to 30. In two non-conference games we defeated Plymouth 39 to 23 and Wakarusa 33 to 21. The team was weakened by a "flu" epidemic but we managed to edge past a weak Roosevelt team twice by scores of 35 to 33 and 31 to 27, but Horace Mann handed us a 29 to 18 trouncing. In the crucial games that meant the conference championship, we defeated Valparaiso 28 to 19 and Washington 21 to 18. The regular season ended with our 61 to 19 victory over Hobart.

In the Valparaiso sectional we defeated Valparaiso 34 to 30 and Wheeler 54 to 31. Froebel eliminated us with a 29 to 21 victory.

## THE GAME

At the upper left we see Manion and Shuman capturing the rebound during a hectic attack on our goal by three Senators in the Wallace-Washington game.

Just below, Sikora leads a Hornet attack while three players wait under the basket for the result of his shot.

Finally, Manion outjumps Niksic and taps the ball into the basket.

Wallace won 21 to 18.

# TRACK AND FIELD

The 1940 track team has been greatly hampered by the loss of every major letterman of last year with the exception of one. Those lost to the squad through graduation include Art Egbert, 1939 state champion in the 120-yard high hurdles and the 220-yard dash; Ray Hutches, veteran 440 and 880-yard Wallace track record holder; Wallace Aten miler; and Tom DeGan, Harold Sykes, and Bill Hixon, who, with Egbert, rounded out one of the speediest half-mile relay teams Wallace has ever produced. The only returning letterman was Stanley Hutches, half-miler. In spite of the inexperience of the team, the squad has managed to give a respectable account of itself in the meets this year.

The 1940 season opened with the City Indoor Meet, held in the University of Chicago Fieldhouse on April 2. The following Saturday, April 6, saw the running of the Gary Invitational Track Meet at Notre Dame. On April 16, we journeyed to Roosevelt of East Chicago where we participated in a quadrangular meet with Washington of East Chicago, Emerson, and the home school. We played host to Emerson and Tolleston in a Triangular Meet on April 20. One week later, Saturday, April 27, the lithe-limbed youths ran in the Kokomo Relays, an outstanding track and field meet of any season. The next Tuesday, April 30, the team vied for honors in the City Outdoor Meet held on the Horace Mann track. On May 4, we again journeyed to South Bend, this time running in the Northern Indiana High School Conference Meet.

The Sectional Meet was run off on Saturday, May 11, the first and second place winners of this meet automatically becoming a part of the favored few to compete in the State Track and Field Meet held on the new field of the Arsenal Technical High School in Indianapolis on May 20.

The "crying need" of the sport of track at Lew Wallace is more student support, interest, and participation. Of those who donned the "scanty shorts and spikes" this year, the following were the most consistent performers: Melvin Cleary, 100 and 220-yard dash; Jack Lake, high and low hurdler; Robert Hansen and Charles Stiefenhoefer, 440-yard dash; Stanley Hutches, 880-yard run; and Craig Marovich, shot-putter.

A group of promising freshmen and sophomores, however, brighten the prospect of track at Lew Wallace for the future. Regardless of whether there is a star in the squad, it takes talent, plus hard work, plus the capstone of teamwork to win.

## G. A. A.

Occasionally we girls enjoy having a little fun all by our-selves. One school organization which offers us this oppor-tunity is the Girls' Athletic Association. It is composed of about 130 girls who are interested in athletics. The girls may earn points toward a letter by playing anything from table-tennis to basketball. When they have earned 1,500 points, they be-come "letter girls". A special award is given to the girls who earn 2,000 points. As only 500 points may be counted each year, very few win this honor. Those who received it this year were Anne Bahun and Vieslava Jarosh.

During the year, the G. A. A. presented two bulletin boards to the school, one of which is used as a teachers' bulletin board while the other announces auditorium news. The organization also purchased two large mirrors, one for the portable gym and one for the shower room.

## G. A. A.

This year, contrary to their usual custom, the girls invited boys to the dance held after their annual potluck. Heretofore, each girl had dressed up in her father's or brother's suit and had escorted her "girl friend" to the party.

The high point of the year was reached on March 29, the date of the annual G. A. A. dance. The grand march was led by President Anne Bahun and Ted Sikora to the music of Don Lang's Orchestra.

When Miss Brown, the sponsor, returned from her Christmas vacation, she was wearing an engagement ring, and soon left us to become Mrs. Kenneth Shirk. Miss Elster, her successor, was a charter member of the first G. A. A. organization founded in Gary.

# RESERVE OFFICERS TRAINING CORPS

Contrary to the opinion of many people, the primary purpose of the R.O.T.C. is not to prepare boys for military service. Its more important accomplishment is the building of leaders and young men with fine characters.

The rifle team is one of the many important activities the R.O.T.C. sponsors. There are five cadets on the team and they compete in matches with other schools in the section. The important social event of the year is the annual Military Ball held this year in Hotel Gary. The attendance this year was the largest it has ever been with fifty couples attending from each of the four schools.

## SEPTEMBER

September 5—**School Days! School Days!** Here we are back again for a "smaller" and better year. Hi, Shirlee, Viv, Dot, and JoAnn! Haven't seen you since the last time! **Kinda' Lonesome** for last year's seniors, aren't you?

September 29—**The Lovely Sunshine!** Today we got one of those much loved vacations **Because** of the heat. **If I Had My Way**, we'd have more of them. **All in Favor Say "Aye"**.

## OCTOBER

October 1-31—This is the time of the year when the leaves start turning. One of our underclassmen was asked, "When do leaves turn?" He very wisely answered, "The night before exams start!" **Wise Guy!**

## NOVEMBER

November 11—**The Tuxedo Junction?** Both "grads" and "studes" enjoyed themselves at the first formal inaugural ball at the Hotel Gary. All of us had a good laugh when Jim McKeighan was **Careless** when dancing and fell down and went "**Wham!**"

November 12-16—**The Wearing of the Green** describes Freshmen Week for our young inexperienced. Each senior girl took a freshman girl as her "little sister" and taught her all the "ropes".

November 12—Activities began with a tour of the buildings.

November 13—The P.T.A. sponsored a tea for the "frosh" girls at which several of the members gave "tips to the teens."

November 14—Vivi-Darians also gave a tea for them. These busy freshmen!

November 15-16—Week closed with the Freshman-Sophomore play, "The Land of Oz" . . . **Confucius Say**, "Velly good—plenty fun!"

Note: If the freshmen girls don't feel at home after this week, it's not the Girls' Club's fault.

November 20—**Shine on Harvest Moon** for the Sphinx-Vivi-Darian Harvest Dance. A cow, stuffed birds, a fortune teller, bales of hay, cider, and other things were imported for the unforgettable event. More fun! To complete the setting a miniature country graveyard was constructed at the gym entrance.

## DECEMBER

December 1—**A Little Boy, A Little Girl** paraded around at the Sophomore Hop!

December 19—The Olympians turned back the leaves to the **Long, Long, Ago** for their Christmas party at which the ancient Roman gods and goddesses reigned.

December 20—**It Seems like Old Times** with all the alumni home from college visiting us.

## JANUARY

January 17—**June in January?** Oh yeah! It was so cold today that we got a day's vacation from school. Oh well, **I've Got My Love to Keep Me Warm**, but what about you?

January 22—Here it is the end of the semester already, and we find ourselves in the midst of exams. We should have looked **Between the Book-ends** sometime during the semester, eh what?

## FEBRUARY

February 10—**Here Comes the Bride!** At last Mr. Shirk popped the question. Now Miss Brown is Mrs. Shirk!

February 17—**The Conquerors** (our basketball team) brought home the N.I.H.S.C. co-championship after a "thriller-diller" with Washington of East Chicago.

February 18—**After Looking at You, You Ought to Be in Pictures** decided some camera fans; so they formed the Camera Club—just a bunch of "clicks", that's all!

February 28—**Lookie, Lookie, Lookie**, here comes Mr. Harris, the new teacher in the Auditorium Department. He's a bachelor, girls.

"Breathes there a girl with soul so dead  
Who hath never turned her head and said,  
'HMMMMMMMM, not bad!'"

February 29—This day comes once every four years.

**(This is where My Love Walked Out on Me—Wait Until My Heart Finds Out)**

## MARCH

March 4—With March come the sectional tourneys. Our team got as far as the semi-finals. We buzzed over Valpo and Wheeler in the first and second games, but were stuck with a pitchfork by Froebel in the third.

March 4—**Eight Pretty Girls** also went to town truckin' on the back of a truck to see Valparaiso. They were looking for the mayor! **What will They Think of Next?**

March 13—**El Rancho Grande** was the theme song for the Spanish class when they decided to go dramatic. Reese and Foley harmonized (tried to, anyway, when they could get serious enough).

March 21—First day of spring! "In the spring a young man's fancy lightly turns to thoughts of"—poetry.

Roses are red,  
Violets are blue,  
You think this is going to rhyme,  
But it won't.

March 29—**South of the Border, Down Mexico Way** went the G. A. A. members and their guests at their annual dance which we all agree went over with a bang—a big one.

## APRIL

April 3—"Don't you **Remember Me?**" asked Stu Pritchard when he came back to visit Wallace during Purdue spring vacation. Evidently the person on guard didn't, because he didn't let him in the building. **My! My!**

April 7—**Sing an Old-Fashioned Song** to these young sophisticated ladies at the Old Time Social given by the Glee Club and A Cappella Choir. **Let's Have Another One!**

April 12—The Juniors took a bow tonight after their class play, "The Saturday Evening Ghost." **Confucius Say, "Too Romantic."**

April 20—**Hail! Hail! The Gang's All Here!** The gathering of the clan took place when 500 girls assembled in Lew Wallace for the Girl's Conference. It was just like an **Easter parade**.

April 22—**Today is Monday**, but that's not all. It's the day the Booster Club honored the cheer leaders at a dinner-dance in the Mexican Room. You should have seen Miss Cheever **Polka!**

April 26—**Mutiny in the Nursery** took place when our **Playmates**, the freshmen, gave their frolic. Handsome Paul Schleicher, the president, led the grand march.

April 28—Place: Marquette Park.

Characters: Seven Lew Wallace girls and the fire department.  
Time: Afternoon.

The action: The fire for the steak fry spreads, burning three tables. **Smoke Gets in Your Eyes!**

April 30—**Yes, We Have No Bananas** at the V. D.-Sphinx potluck. It's one for all, all for one (but every man for himself). We can't help recalling the potluck **Way Back in 1939 A.D.** when **Billy** Garriott danced Miss Richardson around in circles to repay her for all the circles she had made him construct!

#### MAY

May 22-23—**Clap Hands! Clap Hands!** for **So Rare** is a play like the senior play, "What a Life!"

May 25—**Polka Dots and Moonbeams** describes our Junior-Senior Prom at the Masonic Temple. It was a **Lovely Evening**.

#### JUNE

June 3—Exam Week! **If I Knew Then What I Know Now!** It was either do or die—nothing could help us! We all seemed to take a "passing" interest! **But It Makes No Difference Now.**
